POTENTIAL SOURCES OF FEDERAL FUNDING
FOR LEAD PROGRAMS**

Funding Agency	Length of Grant	Grant Title	Award Amount	Number of Awards	Full Proposal Due	Eligible Agencies	Synopsis
HUD	12 Months	Lead Hazard Control Program	\$103,000,000 Grant range: \$1,000,000 to \$2,500,000	25-40 (80% to current or prior grantees)	June of each year	States, Indian tribes, and local governments	Identify and control lead-based paint hazards in eligible privately-owned housing units (rental and owner-occupied).
HUD	24 Months	Operation Lead Elimination Action Program (LEAP)	\$9,935,000	6-10	June of each year	Non-profit and for-profit	The purpose of the project is to leverage private sector resources to eliminate lead poisoning as a major public health threat to young children. The goal is to assist in lead hazard control to eliminate lead-based paint in houses.
HUD	12 Months	Lead Outreach Grant Program	\$2,200,000 Grant range: \$200,000 to \$500,000		June of each year	States, tribes, units of general local government	The purpose of the grant is to perform lead reduction in low income, privately owned pre-1978 housing. Objectives include: 1) increasing enrollment via the HUD Lead Hazard Control program or other lead hazard treatment programs; 2) developing and distributing materials to increase awareness of childhood lead poisoning, its prevention, and hazard identification/control methods; and 3) encouraging occupants to identify potential lead-based paint hazards and report them to property owners/managers and housing officials.

FOR LEAD PROGRAMS**

Funding Agency	Length of Grant	Grant Title	Award Amount	Number of Awards	Full Proposal Due	Eligible Agencies	Synopsis
HUD	12 Months	Lead Hazard Reduction Demonstration Grant	\$49,675,000		July of each year	Cities, counties, local government	The purpose of the grant is to assist programs for abatement, inspections, risk assessments, temporary relocations, and interim control of lead-based paint hazards in eligible, single-family housing units, and multiple-family buildings occupied by low-income families.
HUD	12 Months	Healthy Homes Demonstration Program	\$5,000,000 Grant range: \$250,000 to \$1,000,000	6-8 grants	July of each year	Academic and non-profit institutions, state and local government	Develop, demonstrate, and promote cost effective, preventative measures to correct multiple safety and health hazards that produce disease and injuries to children. The goal of the program is to reduce health threats, especially to children, in a cost effective manner. The program is part of HUD's Healthy Homes Initiative (HHI) which addresses multiple hazards (i.e. lead, asbestosis, and radon) and multiple health effects (children's illnesses such as asthma and carbon monoxide poisoning)
